### The graduates of QCT OF USA

Since its inception, QCT OF USA proudly graduated five students although there were few who enrolled and yielded an incomplete status from their registered courses.

Mr. Dawda Diallo took a course in Web Development and a Maths tutoring course and he is happily serving in The United States Army after he successfully completed both of his courses. He was certified by QCT OF USA in **January of 2017**.

Mrs. Lotoya Deshazer who is a retired army officer and now working as an engineer successfully completed the Computer Networking course and was certified by QCT OF USA in **July of 2017**.

Mrs. Tiajwanna Thompson an Atlanta native who enrolled to QCT OF USA through the community-based support offered by The ADK KING FOUNDATION in Atlanta, Georgia also successfully completed the Web Development course and was certified in **February of 2018**.

Mr. Momodou Busso who is working at the Kanifing Municipal Council in The Gambia as a manager successfully completed the Introduction to Computers course and was also certified in **June of 2018**.

Mr. Ebrima Ceesay who is a manager with AFRICELL stationed at Farafenni in The Gambia successfully completed the Computer Networking course and was certified by QCT OF USA in **August of 2018**.

I thank all the students who enrolled to these career focus courses offered by QCT OF USA and I wish you all success in your careers. Mr. Ebou Janha the founder and the CEO of QCT OF USA.
